Dedication

Mr. Beary, you are the doorkeeper to this book of memories, even as you are the doorkeeper to other memories:

Memories of classes and class parties you have sponsored; of microbiology, biology, and anatomy laboratories; of friendships we have shared in the classroom, on the campus, and in your home; and of friendly, timely counsel.

Because these memories mean so much to us, we lovingly dedicate to you, Dexter F. Beary, this 1962 MIZPAH.

The evening that Paul Harvey, a noted ABC News analyst, spoke to a full house in Evans Hall, is one night that those who attended will not soon forget. Mr. Harvey is a man of conviction, a man that holds high the torch of liberty and is doing all in his power to keep the torch burning brightly.

One of the outstanding weeks on our campus was the Spring Week of Prayer, which was brought to us by Elder Wayne Thurber. Elder Thurber reminded us of some very important things that we should be thinking about very seriously.

Beautiful... Practical and ALL ELECTRIC

Here's the kind of kitchen young moderns call a *dream* kitchen. Of course, it's electric! . . . with all the magic appliances that mean maximum cleanliness, beauty, speed, efficiency, and a minimum of drudgery!

An electric range for fast, accurate cooking with the automatic features that mean more leisure for you!

An electric refrigerator with generous space for fresh and frozen foods—and engineered to operate at far less cost than older models!

An electric sink . . . with automatic dishwasher and disposal unit to eliminate your two most irksome tasks: dishwashing and disposal of food wastes.

Yes, kitchen work is a snap . . . when it's done at the snap of a switch! So now that graduation is here, and you've begun to think about a kitchen of your own, just remember—

Wonderful ELECTRIC appliances make meal-making and hospitality a pleasure!
